(b) in relation to clauses making cover of certain risks subject to specific conditions each insurer may alter the said conditions".

 - 1.3 The Underwriters have had reported to them all outstanding recommendations, requirements or restrictions specified by the immediate past Classification Society and relating to the seaworthiness of the vessel, should a change of Classification Society have occurred during the twelve months preceding the attachment of this insurance. Held covered at an additional premium if required until arrival at next port should the vessel be at sea at the time of such termination.

- 2.2 Provided always that nothing in this Clause 2 shall have the effect of extending the period of this insurance including any extension thereof.
3. Should the Underwriters wish to approach the Classification Society direct for information the Assured will provide the necessary authorisation.
4. For the purposes of any claim the Assured will provide certification by the Classification Society that the vessel's class has been maintained.
